ABOUT ME

Frontend Developer with around 9 months of hands-on experience, including a 3-month academic internship and 6 months of professional experience. Experienced in building responsive web applications using React.js and Next.js with reusable components and clean UI using Tailwind CSS. Have basic experience with Node.js, including JWT authentication and CRUD operations. Also familiar with using AI-assisted tools and MCP-based workflows to improve frontend development efficiency and convert Figma designs into UI components.
