WORK EXPERIENCE

Boppo technologies Pvt Ltd

FrontEnd Developer

Oct 2025 - Present

Working as a Frontend Developer building and maintaining web applications using React.js, Next.js, Node.js and Tailwind CSS. Handling real-world client projects independently.

EDUCATION

Lords Universal College , Goregaon

Bachelors Of Science In Information Technologies - 7.1 CGPA

Aug 2023 - Apr 2025

Saraf College , Malad , Mumbai

IT / MATHS - 71%

Mar 2021 - Jun 2022

PROJECTS

DeveloperOS AI — Full Stack Learning Management Platform [🔗](#)

Built a full-stack AI-powered developer learning platform with JWT auth, spaced repetition, daily routine tracking, and Google Gemini AI integration using React, Node.js, Prisma ORM, and PostgreSQL.

- Developed a full-stack AI-powered learning platform for developers using React 19, TypeScript, Node.js (Express 5), Prisma 7, and PostgreSQL (Neon) with JWT authentication, bcrypt password hashing, and role-based route protection
- Built a production-grade REST API with Express 5 following Routes 'Controller 'Service architecture with centralized error handling, Zod input validation, and security hardening (Helmet, CORS whitelist, rate limiting)
- Integrated Google Gemini AI for generating topic explanations and code examples. Built optimistic UI updates with React Query for instant user feedback without waiting for server response.

Freelancer Manager Platform [🔗](#)

- Built a full-stack freelancer management app with Next.js, MongoDB, and NextAuth for tracking clients, projects, and tasks from a single dashboard.
- Implemented SWR for client-side data caching and Formik + Yup for form handling and validation.

Full Stack Blog Platform

- Built a production-grade blog app with Next.js frontend and Express.js + PostgreSQL backend using Drizzle ORM, demonstrating end-to-end full-stack integration.
- Implemented JWT-based authentication, protected middleware, request validation, full CRUD for blog posts, and an admin-only delete gate.

SKILLS

Frontend : React.js | Next.js | TypeScript | JavaScript (ES6+) | HTML5 & CSS3 | Tailwind CSS | Framer Motion

Backend : Node.js | Express.js | REST API | JWT Authentication | Zod

Database : MongoDB Atlas | PostgreSQL | Drizzle ORM

Tools : Git & GitHub | Vercel | Netlify | AI-assisted Dev Tools

CERTIFICATE

ReactJS Trainee — SoluLab Pvt. Ltd. Jun 2024 – Sep 2024 [🔗](#)

Learned real-world React workflows and component-based development

React JS Mastery – Udemy (Certificate) [🔗](#)
